Company Profile

About FourTech

FourTech was founded in 1997 with a clear belief - Technology should not be fragmented—it should be unified, intuitive, and impactful. This evolved into a broader vision— to create a complete intelligent ecosystems for learning, communication, and digital infrastructure.

We orchestrate elements that shape intelligent ecosystems for learning, communication, and digital infrastructure. From smart classrooms to connected campuses, from smart conference rooms to digital displays, from immersive learning to measurable outcomes, FourTech powers connected, scalable, and future-ready digital experiences.

Our Mission

To empower institutions with **intelligent, integrated ecosystems** that bring together knowledge, engagement, flow, and impact—enabling them to **learn better, communicate smarter, and operate seamlessly**.

Our Vision

To shape a world where every learning and communication environment is:

- **Connected** to the cosmos of knowledge
- **Driven** by the fire to grow
- **Enabled** by the flow of technology
- **Grounded** in meaningful impact

Our Leadership

Vishwas Yelnoorkar Founder & CEO — **FourTech** Computers, **SaGaVision** (IFP manufacturing)

Vishwas Yelnoorkar is a first-generation technology entrepreneur with 25+ years of experience in IT - hardware, software and displays, building scalable digital infrastructure for globally for Education, Government, Manufacturing, Banking, Healthcare and large corporates.

A Bachelor of Engineering in Computer Engineering (Batch of 1992), and **one of the first 20 Certified Netware Engineers** in India, Vishwas began his journey at a time when technology adoption in India was still nascent. In 1997, he founded FourTech Computers with a clear conviction—technology must create real, measurable value, not just exist as a product.

Over the years, he has played a pivotal role in transforming educationalcustomer ecosystems, with his strong business, sales, pre-sales and support understanding. His work spans:

- Campus-wide IT infrastructure and networking
- Smart classrooms and digital learning environments
- Integrated technology systems for institutions
- Establishing SaGaVision™, for manufacturing of interactive flat panels (IFP)—bringing hardware excellence into FourTech's integrated ecosystem.

Today, Vishwas works closely with leading organizations, helping them modernize at scale—combining infrastructure, platforms, and analytics into a seamless digital backbone.

Philosophy "Build value. Don't just sell products." This belief continues to guide every initiative at FourTech—ensuring that technology delivers not just functionality, but lasting impact on learning, communication, and institutional growth.

Our Leadership

Abhijit Kulkarni Chief Business & Technology Officer — **FourTech** Computers, **Strategic Partner - KPOINT**

Abhijit Kulkarni is a seasoned business and technology leader with over **30 years of experience** in building and scaling businesses through **relationship building, deep technical solutioning and strategic execution**.

A **Bachelor of Engineering in Electronics** and an **MBA in Marketing from Newport University**, Abhijit brings a rare blend of **engineering depth and market insight**, enabling him to translate complex technologies into high-impact business outcomes.

Over his career, he has successfully led engagements and signed **marquee customers** across industries including **MNCs, BFSI, Manufacturing, Government, Education, and Automotive**.

His expertise spans:

- Large-scale **secure network architectures**
- **Hyper-converged data centers**
- Enterprise communication ecosystems
- **AI-driven interactive video platforms**

He previously served as **Chief Commercial Officer at KPOINT** and now continues as a **Strategic Partner**, while leading FourTech's next phase of growth. Having known **Vishwas Yelnoorkar** for over **25 years**, Abhijit now works closely with the founder to transform FourTech into an **AI-powered, integrated ecosystem company**, driving scale across sectors.

Philosophy ***"Technology must create clarity, not complexity—and outcomes, not just outputs."***

FourTech

SāGāVision™
Interact Smartly

Our Philosophy — The Four Elements

Because true success is not what you use—it's what you leave behind.

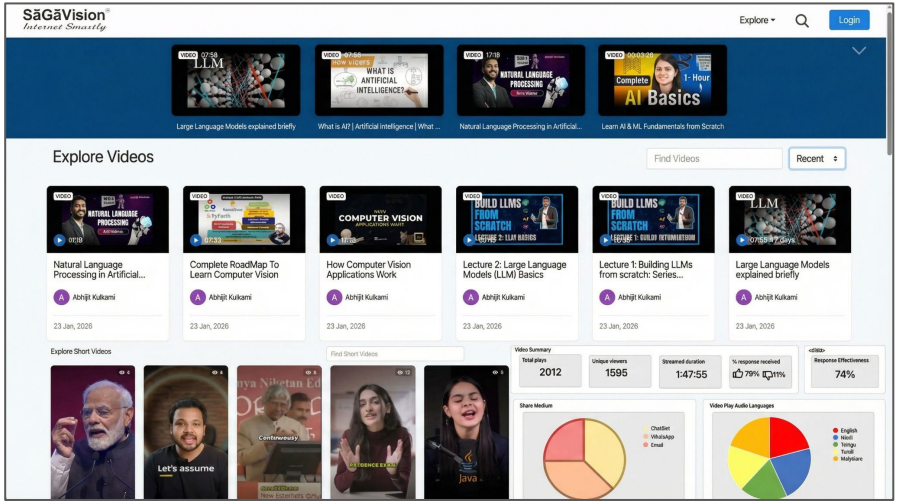

FourTech

Smart Classroom Ecosystem

SāGāVision™
Interact Smartly

The SaGa Experience: Comprehensive Classroom Ecosystem

SaGaVision IFPs: The interaction hub with 4K Ultra HD, Google EDLA certification, and natural writing experience.

AI Video Platform: A "Netflix-style" library with deep semantic search, automated lecture recording, and AI tutors.

FourTech

Smart Conference rooms

SāGāVision™ Interact Smartly

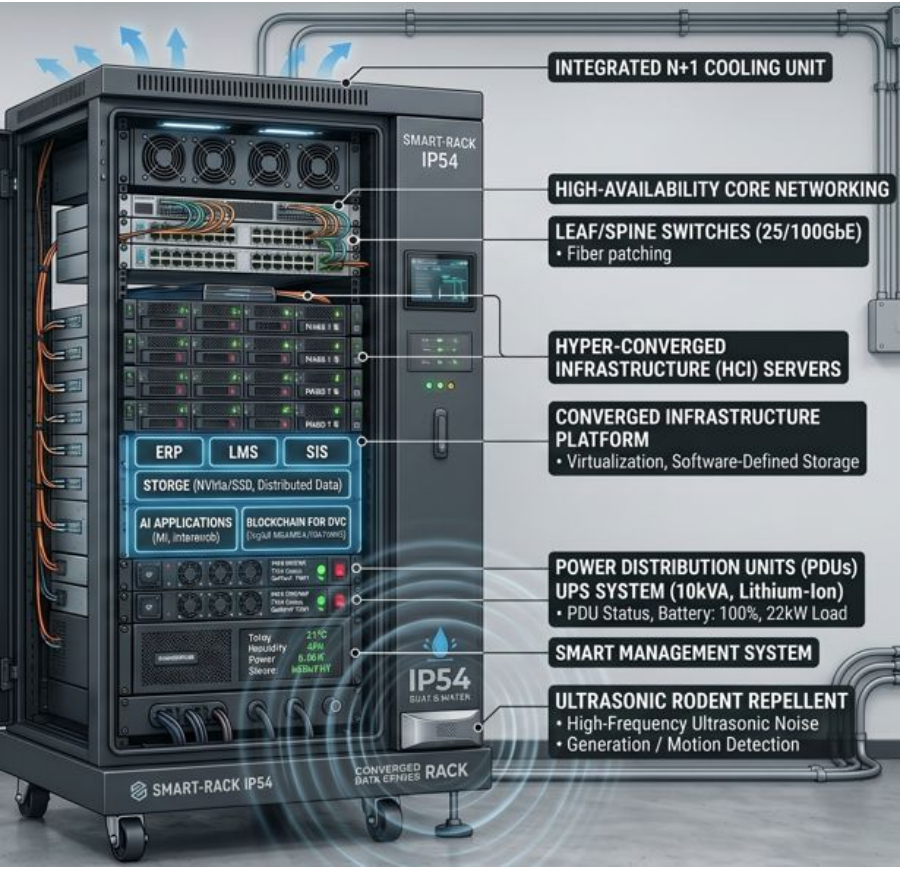

Virtual Microphone Mist: Audio Without Boundaries.
"Speak from anywhere—our **patented Virtual Microphone Network** captures every voice clearly, without tabletop clutter or complex ceiling setups**."**

Intelligent Tracking: Voice-activated PTZ cameras that follow the speaker for professional, cinematic video calls.

FourTech

Edge Data Center in a box

ScaleUp InfraTech
Infrastructure Technology Solutions

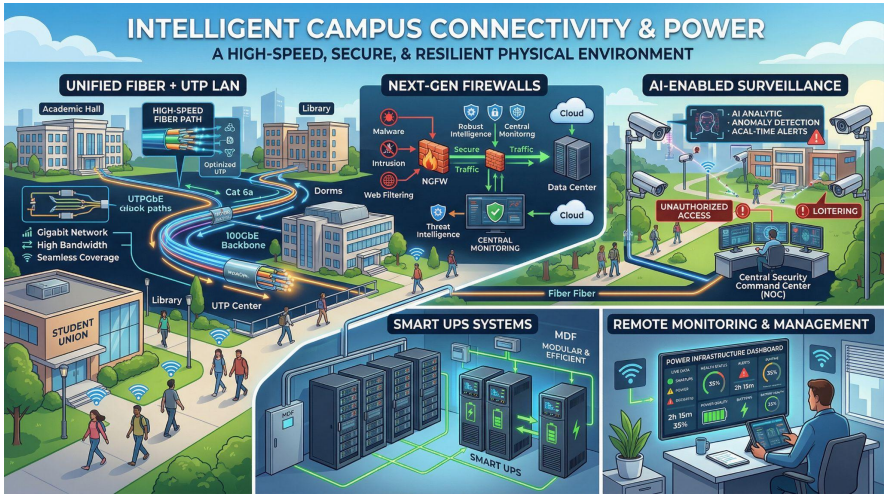

Plug-and-play Tier-III Data Center in a Rack (22U-42U)

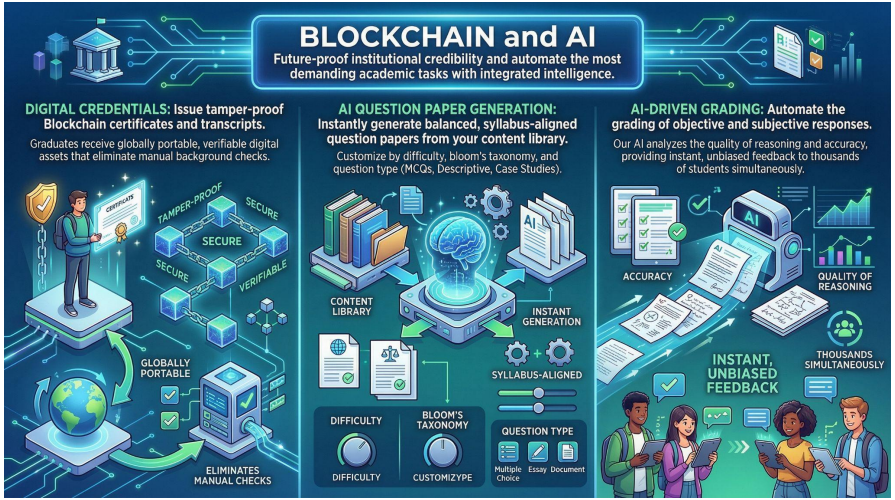

- **Climate & Power:** Integrated precision cooling, 3-10 KVA UPS (lithium battery) & redundant power.
- **Security:** Biometric access, fire suppression & AI-driven monitoring.
- **Compute & Network:** HCI servers, TOR switches, and next-gen firewalls.
- **Applications:** ERP, LMS, Blockchain certificates & AI-driven grading.
- **Efficiency:** Low latency, 2–4 week deployment, and IP-54+ rating.
- **Management:** 24X7 NOC Monitoring
- **Sustainability:** Green, "Make in India" product.
- **Warranty:** 2 years extendible warranty

FourTech

Smart Campus Solutions

SaGaVision™
Interact Smartly

A high-speed, secure, and resilient physical environment. Netflix like **video library,** Interactive searchable **video platform. 24X7 AI tutor**

Blockchain & AI: Tamper-proof digital credentials, AI question paper generation, and unbiased AI grading.
Unified ERP & LMS: Consolidating admissions, examinations, and student life into a single source of truth.

FourTech

High Impact Display Solutions

SāGāVision™
Interact Smartly

LED Video Walls: Indoor fine pixel displays and weatherproof outdoor fixed displays (IP65).

Digital Signage: Dynamic LCD standees for advertising and wayfinding with centralized remote management..

FourTech

Proven Impact
Delivering Excellence at Scale

SaGaVision™
Interact Smartly

We orchestrate high-performance ecosystems across diverse environments. Our commitment to unified, impactful technology is reflected in our extensive deployment footprint:

- **3,000+ Smart Classrooms**: Empowering institutions with SaGaVision™ Interactive Flat Panels and smart tools and APPs for immersive learning.
- **100+ Smart Conference Rooms**: Revolutionizing professional collaboration with wide range of IFP, advanced patented Audio & virtual mics, automated PTZ tracking systems.
- **10+ Auditoriums and Recording studios**: Transforming large-scale venues with high-impact, large format displays,and studios, with immersive audio and acoustic design.
- **1 million+ enterprise users:** Interactive AI driven Video platform
- **Robust Digital Backbone:** Wired and wireless Campus networks to ensure 99.9% uptime for critical data. Surveillance.
- **Future-Ready Infrastructure: Data Center in a box with 24x7 NOC** - Hyperconverged Servers, Storage, next-gen firewalls, Cooling, UPS, integrated with scalable cloud expansion to power AI and Blockchain driven applications

"We don't just deliver products. We enable discovery at scale."
